To Whom It May Concern:

It is with great admiration that I express my deepest respect for Alexander Conti. My new professional relationship extended to wonderful accomplishments.

Alexander was very instrumental in helping to raise \$100, 000 to benefit the first free-standing hospice residence on Staten Island to be located on the campus of Eger Health Care and Rehabilitation Center.

Alex introduced me to many qualified and successful people who were able to make this project a reality.

In life, you meet many people, through friends, at events and seminars and dining. I am proud of Alexander and proud to be his friend. He truly makes dreams become reality.

Sincerely,
Vienna Profeta
